Questions to Consider When Writing Your Narrative

Research Proposal

1. **What problems or needs does your research address?**
2. **Why are these problem(s)/need(s) important?**
3. **Who, what, and/or where do they affect?**
4. **What is your hypothesis?**
5. **What are your specific research questions?**
6. **What will be the likely impact of answering your research questions? What will we know that we do not know now?**

Program/Project or Action Research

1. **What do you want to do?**
2. **Where do you want to do it?**
3. **Why is doing this important? Unique?**
4. **Does your idea or activity address a specific problem or need? What is this problem or need, and why is it important?**
5. **Who or what is affected by the problem or need?**
6. **What will be changed or produced as a result of your project?**
