

MEMORANDUM OF UNDERSTANDING
HARFORD COMMUNITY COLLEGE & TOWSON UNIVERSITY
September 25, 2017

MATHEMATICS, Actuarial Science and Risk Management Concentration B.S. Degree

Harford Community College, Bel Air, Maryland, and Towson University, agree to follow the articulation of courses outlined in the articulation (course equivalency) document, for completion of requirements for the Bachelor of Science degree in Mathematics (Actuarial Science and Risk Management Concentration) (Attachment A), which is attached to, and incorporated by reference into, this Memorandum of Understanding (MOU). The following principles guide the operation of this MOU, with the requirements for transfer in specific curricula set forth in Attachment A.

1. Towson University will accept a maximum number of 64 credits from Harford Community College as outlined in the Attachment A. The number of transferable credits specific to this program is reflected in Attachment A.
2. Students who have completed the Associate of Science Degree in the Mathematics program at Harford Community College may transfer into Towson University's Mathematics program with junior standing provided that the student has completed all courses identified on Attachment A (which is attached to, and incorporated by reference into, this MOU) with a cumulative GPA of 2.00 or higher. Courses completed at Harford Community College with 300 or 400 level Towson University course equivalencies will transfer as lower-level credit but will satisfy course content as indicated.
3. Only courses in which a grade of C (2.00) or better is earned will apply toward the major at Towson University.
4. In accordance with the MHEC transfer policy pertaining to general education requirements, Towson University will accept the completion of Harford Community College's general education requirements (GenEds) and students will be required to complete courses at Towson University to satisfy the remaining *University Core* requirements as shown in Attachment A.
5. Towson University recognizes college-level experiential learning gained through previous work, military and/or volunteer service or life experience. Credit for prior learning may also be established through course challenge or standardized credit by examination.
6. Harford Community College students transferring to Towson University will be given every consideration for financial aid and will be eligible to compete for academic scholarships upon entrance to Towson University subject to stated scholarship deadlines.
7. Both Harford Community College and Towson University agree to work together to facilitate the transfer of students from Harford Community College to Towson University to work cooperatively to insure the high quality of the programs at the respective

institutions. Transfer of students will be in accordance with policies and procedures of both institutions, as they may be amended from time to time.

8. This MOU will be in effect initially for ten years, beginning *fall 2017*, with a review every two years by both parties. Any revisions the parties deem necessary must be evidenced in writing and signed by the authorized officials of each institution. The MOU may be terminated by either party for due cause and after adequate notice of not less than six months is given to the other party.
9. Towson University will establish procedures to provide information on the academic progress of Harford Community College students enrolled as part of this MOU.
10. This MOU, when signed, constitutes the entire agreement between the parties and supersedes all prior agreements and understandings between the parties respecting the matter hereof.

	Program Requirements at Harford	26				
	Total Harford Program Requirements at Harford	61				
	Maximum Credits in Transfer	64				

64 credit transfer maximum. 6 Core Curriculum units must be completed at Towson University: Core 9: Advanced Writing Seminar; Core 11: The United States as a Nation
 *General Electives: Students should choose CIS 102 (Introduction to Information Sciences); ECON 102 (Microeconomics); PHIL 205 (Ethics); ACCT 101 (Accounting I) and ACCT 102 (Accounting II) as their general electives at HCC to satisfy Core and major requirements at TU. Students who do not take these courses as recommended will need to complete additional Core and Major requirements at TU. Note that the Bachelor's degree cannot be completed in 4 years (total) if courses are not selected as outlined here.

**One GB or GH course must also satisfy the Diversity requirement at HCC.

***Students should choose ECON 101 as one of the Behavioral/Social Science General Education requirements (GB). The other Behavioral/Social Science General Education course must be in a discipline other than ECON.

****Students must take both PHYS 200 and PHYS 203 to receive PHYS 241 equivalent. Students who take PHYS 203 without the lab (PHYS 200) will receive an equivalent of PHYS 10T.

*****Requires course directive for Core placement.
