Towson University Foundation, Inc.

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying Statements of Financial Position of Towson University Foundation, Inc. as of June 30, 2021 and 2020, the related Statements of Activities, Functional Expenses, and Cash Flows for the years then ended, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we obtained is sufficient and appropriate to provide a basis for our audit opinion.

INDEPENDENT AUDITORS' REPORT, CONTINUED

OPINION

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Towson University Foundation, Inc. as of June 30, 2021 and 2020 and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTE 1 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES****NATURE OF FOUNDATION**

Towson University Foundation, Inc. (Foundation), a non-profit corporation formed in 1970, manages funds received for the benefit of Towson University (University). The Foundation is organized to receive, hold, invest, manage, use, dispose of, and administer property of all kinds whether given absolutely, in trust, or by way of agency or otherwise for the benefit and promotion of the University or for all of the education and support activities that may be conducted by the University.

In fulfilling its mission, the Foundation maintains three separate and distinct account types:

ENDOWMENT ACCOUNTS

Accounts established where the principal is retained in perpetuity and carried as net assets with donor restrictions. Income generated from the invested principal is used to fulfill the donor's intent, allow for associated fees, and continue the growth of the endowment in order to maintain its value over time. A scholarship endowment requires a \$25,000 minimum gift that may be accumulated over a three-year period. Non-scholarship endowments require a \$10,000 minimum gift and also may be accumulated over a three-year period. Amounts available for spending against the endowment are calculated annually as of June 30, subject to policies and procedures of the Foundation.

SCHOLARSHIP/AWARD ACCOUNTS

Accounts established to accept gifts restricted by the donor for the presentation of scholarships and awards and whose gift amount does not qualify as an endowment or was not intended to be an endowment by the donor. The net assets are reported with donor restrictions until expended.

UNIVERSITY PROGRAMS AND SUPPORT ACCOUNTS

Accounts used for current activities and operations to support the University. These accounts result from gifts and fundraising events sponsored by various University departments and affiliated on-campus activity groups. Expenditures are reflected as University and/or department program services within the financial statements. The net assets are reported with or without donor restrictions until expended.

(See Independent Auditors' Report)

NOTES TO FINANCIAL STATEMENTS, CONTINUED
Towson University Foundation, Inc.

ACCOUNTING STANDARDS CODIFICATION

All references in the financial statements to the Codification refer to the Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles (GAAP) issued by the Financial Accounting Standards Board (FASB). The Codification is the single source of authoritative GAAP in the United States.

NEW ACCOUNTING STANDARDS UPDATE

In March 2019, the FASB issued Accounting Standards Update (ASU) 2019-03, Not-for-Profit Entities (Topic 958), which amends the definition of and enhances disclosure of collections held by not-for-profit entities. The Foundation adopted ASU 2019-03 effective July 1, 2020 using the modified prospective approach. The adoption of ASU 2019-03 did not materially impact the financial statements.

BASIS OF ACCOUNTING AND PRESENTATION

The financial statements were prepared on the accrual basis of accounting in accordance with GAAP. Under the accrual basis of accounting, support and revenue are recorded when earned and expenses are recorded when incurred. Net assets, revenues, and expenses are classified based on the existence or absence of donor-imposed restrictions. Net assets without donor restrictions are comprised of operating funds (resources available for support of operations) and Board-designated funds (resources to be spent only for purposes approved by the Board). Net assets with donor restrictions consist of assets whose use is limited by donor-imposed, time, and/or purpose restrictions.

USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

REVENUE RECOGNITION

Contributions, which include unconditional promises to give, are recorded as revenue in the period the promise is received and as contributions receivable in the Statements of Financial Position as long as receipt is expected within five years. Unconditional promises to give which are expected to be received after five years are not recorded as income until receipt is expected within five years and collection is not in doubt. Conditional promises to give are recorded as revenue when conditions of receipt are met, and the receivable is due within five years.

(See Independent Auditors' Report)

NOTES TO FINANCIAL STATEMENTS, CONTINUED
Towson University Foundation, Inc.**CASH EQUIVALENTS**

For purposes of the Statements of Cash Flows, cash equivalents include time deposits, certificates of deposit, and all highly liquid debt instruments with original maturities of three months or less.

CASH AND INVESTMENTS

As of June 30, 2021 and 2020, the Foundation had cash and investments, which are held by local banks and an investment management organization, in excess of statutory or private deposit insurance. The Foundation believes it is not exposed to any significant credit risk on cash.

Investments are reported at fair value in the Statements of Financial Position. Realized and unrealized gains and losses are included in the Statements of Activities. See Note 5 for a discussion of fair value measurements.

CONTRIBUTIONS

In accordance with the Not-for-Profit Entities Revenue Recognition Topic of the Codification, contributions received are recorded as support within net assets with donor restrictions or net assets without donor restrictions. All donor-restricted support is reported as an increase in support in net assets with donor restrictions, depending on the nature of the restriction.

EQUIPMENT

Furnishings and equipment above \$1,000 are recorded at cost if purchased or fair value at the date of the donation if received by gift. Lesser amounts are expensed. Furnishings and equipment (except for general ledger software and equipment used by the Foundation) are gifted to the University and expensed by the Foundation as acquired. Software and equipment are depreciated over their estimated useful lives ranging from three to five years using the straight-line method.

CHARITABLE TRUSTS

Charitable trusts represent the estimated net present value of charitable remainder trusts that name the Foundation as the beneficiary.

COLLECTIONS

The Foundation's collections consist of art objects and antiques held for educational, research, scientific, and curatorial purposes. Each of the items is catalogued, preserved, and cared for, and activities verifying its existence and assessing its condition are performed periodically. The Foundation estimates the value of the collections at approximately \$2,253,000. The collections, which were acquired through contributions since the

(See Independent Auditors' Report)

NOTES TO FINANCIAL STATEMENTS, CONTINUED
Towson University Foundation, Inc.

Foundation's inception, are not recognized as assets in the Statements of Financial Position. Purchases of collection items are recorded as decreases in net assets without donor restrictions in the year in which the items are acquired or as decreases in net assets with donor restrictions if the net assets used to purchase the items are restricted by donors. Contributions of collection items are not reflected in the financial statements. Proceeds from deaccessions or insurance recoveries are used to acquire, preserve, or manage artifacts in the collection.

RISK AND UNCERTAINTIES

The Foundation invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect amounts reported in the financial statements.

SUBSEQUENT EVENTS

The Foundation evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through September 21, 2021, the date the financial statements were available to be issued.

NOTE 2 LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

The Foundation's financial assets available to meet cash needs for general expenditures within one year of the Statements of Financial Position date were as follows:

NOTE 3 **INCOME TAXES**

The Foundation is exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code (IRC). In addition, the Internal Revenue Service determined the Foundation is not a private foundation within the meaning of Section 509(a) of the IRC.

The Foundation follows the provisions of Accounting for Uncertainty in Income Taxes under the Income Taxes Topic of the Codification. The Codification requires the Foundation's evaluation of tax positions, which include maintaining its tax-exempt status and the taxability of any unrelated business income, and does not allow recognition of tax positions which do not meet a "more-likely-than-not" threshold of being sustained by the applicable tax authority. Management does not believe it took any tax positions that would not meet this threshold.

NOTE 4 **AFFILIATIONS**

The Foundation is a state university-affiliated foundation organized and operated for the benefit of, and to carry out, the purpose of the University, a constituent institution of the University System of Maryland.

The president of the University serves as an ex-officio member of the Foundation's Board.

Towson University Foundation, Inc.

The Fair Value Measurements and Disclosures Section of the Codification establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Quoted prices are available in active markets for identical investments as of the reporting date. The types of investments in Level 1 include listed equities and listed derivatives. As required by the Codification, the Foundation does not adjust the quoted price for these investments, even in situations where it holds a large position and a sale could reasonably impact the quoted price.
- Level 2 Pricing inputs are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies. Generally, investments in this category include corporate bonds and loans, less liquid and restricted equity securities, and certain over-the-counter derivatives.
- Level 3 Pricing inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. Generally, investments in this category include general and limited partnership interests in corporate private equity and real estate funds, mezzanine funds, funds of hedge funds, distressed debt and non-investment grade residual interests in securitizations, and collateralized debt obligations.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Foundation's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment.

The following are descriptions of the valuation methodologies used for assets measured at fair value:

Mutual Funds and Common Stocks: Valued at quoted prices in an active market.

Corporate Bonds and U.S. Treasury and Government Agency Securities: Certain bonds and government securities are valued at the closing price reported in the market in which they are traded. Other bonds and government securities are

(See Independent Auditors' Report)

valued based on yields currently available on comparable securities of issuers with similar credit ratings.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Foundation believes its valuation methods are appropriate and consistent with other market participants and has accepted those of the University System of Maryland Foundation with respect to its investments on behalf of the Foundation, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Foundation follows ASU 2015-07, Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share. ASU 2015-07 removes the requirement to categorize investments for which fair value is measured using the net asset value (NAV) of the investment as a practical expedient within the fair value hierarchy. ASU 2015-07 also removes the requirement to make certain disclosures for investments that are eligible to be measured at fair value using the NAV practical expedient.

The Foundation's investments in Barings Investment Grade Collateralized Loan Obligation Fund and University System of Maryland Foundation, Inc. Comingled Fund are measured at fair value using the NAV as a practical expedient and are not categorized within the fair value hierarchy.

Barings Investment Grade CLO Fund (CLO Fund): The Foundation holds an interest in the CLO Fund. The CLO Fund invests primarily in a portfolio of debt tranches of cash flow collateralized loan obligations. Collateralized loan obligations are securitizations issued by bankruptcy remote, special purpose investment vehicles that are formed to acquire and manage investments and collateralized primarily by corporate loans that are senior in the underlying obligator's capital structure to other debt issued. Redemptions from the CLO Fund are available monthly and require 30 days advanced notice.

University System of Maryland Foundation, Inc. Comingled Fund (USMF Fund): The Foundation holds an interest in the USMF Fund. The University System of Maryland Foundation, Inc. has discretionary investment authority over the Foundation's interest and provides periodic value assessments of the USMF Fund, which are incorporated in the Foundation's financial statements. The USMF Fund's investments consist of equity and debt securities, private capital investment entities, off-shore investment vehicles, and other partnership investments. There are no redemption restrictions for withdrawing Foundation investments from the USMF Fund.

NOTE 6 CONTRIBUTIONS RECEIVABLE

The Foundation enters into agreements with donors involving future nonreciprocal transfers of cash. Such agreements are recorded as contribution revenue and receivables (pledges and planned gifts) if the agreement is, in substance, an unconditional promise to give.

Contributions receivable at June 30, 2021 and 2020 were as follows:

	<u>2021</u>	<u>2020</u>
Contributions Receivable	\$ 3,201,847	\$ 2,636,616
Less: Allowance for Uncollectible Pledges	(474,570)	(281,753)
Less: Discount to Present Value	<u>(5,878)</u>	<u>(11,078)</u>
Net Contributions Receivable	<u>\$ 2,721,399</u>	<u>\$ 2,343,785</u>

Contributions are due as follows:

Year Ending June 30, 2022	\$ 1,193,102
2023	791,211
2024	674,867
2025	339,667
2026	<u>203,000</u>
	<u>\$ 3,201,847</u>

Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using the one-year Treasury Bill rate of 0.07% and 0.16% for the years ended June 30, 2021 and 2020, respectively. Amortization of the discounts is included in contribution revenue.

NOTE 7 CHARITABLE TRUSTS

The Foundation is the beneficiary of certain charitable remainder trusts with estimated values of \$161,439 and \$115,879 at June 30, 2021 and 2020, respectively.

NOTE 8 ENDOWMENT FUNDS

The Foundation's endowment consists of various donor-restricted funds established to provide a source of income for ongoing donor-advised program expenses. As required by GAAP, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

INTERPRETATION OF RELEVANT LAW

The Board of Directors interpreted the Maryland Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies (a) the original value of gifts donated to the endowment, (b) the original value of subsequent gifts to the endowment, and (c) accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund as net assets with donor restriction. Additionally, any accumulation of donor-restricted endowment funds that are not required to be maintained in perpetuity is classified as restricted net assets until those amounts are appropriated for expenditure by the Foundation subject to the Board-approved spending policy. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) Duration and preservation of the fund
- (2) Purposes of the Foundation and the donor-restricted endowment fund
- (3) General economic conditions
- (4) Possible effect of inflation and deflation
- (5) Expected total return from income and the appreciation of investments
- (6) Other resources of the Foundation
- (7) Investment policies of the Foundation

UNDERWATER ENDOWMENT FUNDS

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level the donor or UPMIFA requires the Foundation to retain as a fund of perpetual duration. No such deficiencies existed at June 30, 2021 and 2020.

RETURN OBJECTIVES AND RISK PARAMETERS

The Foundation established investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to preserve the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity or for donor-specified periods. Under these policies, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce results that exceed the portfolio's custom index, as defined by the indices represented by the portfolio's asset allocation, while assuming a moderate level of investment risk. The Foundation expects its endowment funds, over time, to provide an average rate of return approximating the spending rate plus the Consumer Price Index annually. Actual returns in any given year may vary from this amount.

(See Independent Auditors' Report)

STRATEGIES EMPLOYED FOR ACHIEVING OBJECTIVES

To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

SPENDING POLICY AND HOW THE INVESTMENT OBJECTIVES RELATE TO SPENDING POLICY

The Foundation has a Board-approved endowment spending policy that targets an amount not to exceed 7% (which is inclusive of spending for programmatic, administrative, and University support expenses) of its endowment fund's average fair market value over the prior 20 quarters through the fiscal year ending 12 months before the start of the fiscal year in which distribution is planned. In establishing this policy, the Foundation considered the long-term expected return on its endowment. Annually, the spending policy committee debates the prudence of the spending percentage, keeping in mind the seven prudence guidelines for appropriation as outlined in UPMIFA. Over the long term, the Foundation expects the current spending policy to allow its endowment to grow at an average rate of return approximating the spending rate plus the Consumer Price Index. This is consistent with the objective to maintain the purchasing power of the endowment assets in perpetuity or for a donor-specified term as well as provide additional real growth through new gifts and investment return.

NOTE 9 DONATED SERVICES

No amounts were reflected in the financial statements for donated services, as no objective basis is available to measure the value of such services. However, a substantial number of volunteers donate significant amounts of time to the Foundation's program services, fundraising campaigns, and general administration.

Additionally, the Foundation utilizes facilities and equipment of the University under a contractual agreement renewed annually each July 1. This contractual agreement recognizes that the support provided by the Foundation to the University exceeds the value of the benefit received.

NOTE 10 RETIREMENT PLANS

The Foundation has a tax-deferred annuity (TDA) plan, pursuant to the requirements of IRC Section 403(b). The TDA plan allows eligible employees to tax defer a portion of their compensation.

The Foundation also has a defined-contribution retirement plan, pursuant to the

(See Independent Auditors' Report)

requirements of IRC Section 403(b). The Foundation makes contributions to this plan equal to 7.25% of compensation. The Foundation made contributions totaling \$24,345 and \$24,443 during the years ended June 30, 2021 and 2020, respectively.
