

SOOKKYUNG PARK

In 1982, I established an arts & crafts studio in South Korea. In 2011, I emigrated in my age 50's and became a student at Wor-Wic Community College in Salisbury, Maryland, obtaining an Associate's degree with membership into the Phi Theta Kappa Honor Society. At University of Maryland, College Park, I was also on academic honors for three semesters. After graduating in May 2016, I joined the Han-Mee Artist Association (Korean American Artist Association). I have participated in several regional exhibitions, selected juries exhibitions, and solo exhibitions at the Embassy of Republic of Korea in D.C. In 2020, I joined the Washington Sculptors Group and was accepted into Towson University's MFA program. Currently, I am a Vice President of the Han-Mee Artist Association.
