

Associate-to-Bachelor's (ATB) Degree Completion Option – ATB 1.0: **Community College of Baltimore County & Towson University**

General Information for this Primarily Online/Hybrid Model

I. General Program Information

This dual enrollment option is available to eligible students once they are accepted to the CCBC Nursing Program. Admission is competitive and based on completed courses and grade point average (GPA). Students will be dually enrolled as degree-seeking students at both CCBC and Towson University (TU). ATB 1.0 students begin their TU courses in the first term of their CCBC nursing program. Once they earn the Associate of Science (A.S.) degree at CCBC, students must pass the NCLEX-RN licensure exam and receive their RN license to continue with their remaining coursework at TU to complete the Bachelor of Science (B.S.) degree.

Up to 80% of the TU curriculum may be completed online. The first TU course (NURS 349) and the practicum in the final term (NURS 489) require an in-person component. Other courses are typically offered online; the availability of in-person or hybrid course formats may vary depending on student interest and enrollment.

The ATB option requires year-round attendance and takes approximately 2.5 years to complete. Program length is nine terms, including winter and summer sessions. CCBC courses will be held at the CCBC campus where the student is enrolled in the Nursing Program (CCBC Essex or CCBC Catonsville). TU courses will be taken online or at the main TU campus in Towson, MD.

Two degrees will be awarded: A.S. from CCBC and B.S. from TU. Students must meet all program and degree requirements at both institutions to receive the respective degrees. Advisors will be available at both schools.

II. Program Admission Requirements

- A. Admission to the CCBC Nursing Program (selective process based on courses completed, GPA, and TEAS score)
- B. GPA of 3.0 or higher in CCBC required admission courses
- C. Additional required courses (completed by the start of the first nursing course) with a C (2.0) or better:
 - General Chemistry with Lab (CCBC CHEM 107 & 108 or CHEM 131) – 4 credits
 - Nutrition (CCBC BIOL 256) – 3 credits

Students must also complete a basic statistics course with a C (2.0) or higher before enrolling in TU's required nursing research course (NURS 435). Students are strongly encouraged to take CCBC's MATH 153 Introduction to Statistics prior to starting their nursing program.

III. General Application Procedures

Students must apply to both the CCBC A.S. Degree Nursing Program and the TU ATB option by the programs' deadlines. Students who are admitted to the TU ATB option must be eligible to enroll at Towson University, but they do not have to apply to TU by the ATB deadline. The TU Department of Nursing will provide instructions to apply and enroll at the university if ATB admission is offered.

Applying to CCBC RN Program

See CCBC application deadlines and procedures at <https://www.ccbcmd.edu/Programs-and-Courses/Schools-and-Academic-Departments/School-of-Health-Professions/Nursing/Nursing-Admission-Process.aspx>.

Applying to TU ATB

Students must apply and submit all required materials by the deadlines to be considered for ATB admission.

Application Deadlines:

- Fall Start – February 15
- Spring Start – August 15

Required Materials:

1. NursingCAS Program Application for Associate-to-Bachelor's (ATB) – CCBC: <https://nursingcas.liasoncas.org/apply/>
2. Official transcripts from all colleges/universities attended submitted to NursingCAS

For full instructions to complete the NursingCAS application, visit the TU website:

<https://www.towson.edu/chp/departments/nursing/undergrad/degree-options/associate-to-bs/admissions.html>.

Admission Decisions

The CCBC and TU Nursing Departments will review completed applications for acceptance into the ATB option. Students will be notified by either email and/or letter with admission decision. TU will only release admission decisions once CCBC has released their decisions. Students who do not receive admission to the CCBC program will not receive a decision from TU.

IV. Tuition, Fees, and Financial Aid

Students will be charged tuition and fees based on the policies of each institution. Tuition and fees are subject to change each academic year. If students are using financial aid, it will be processed through the TU Financial Aid Office based on the total enrollment at both institutions. For the purposes of tuition and financial aid, students must be aware that the ATB plan of study involves part-time enrollment (less than 12 credits) for the majority of the program. More information is available online:

- CCBC tuition and fees: <https://www.ccbcmd.edu/costs-and-paying-for-college/tuition-and-fees>
- TU tuition and fees: <https://www.towson.edu/student-university-billing/tuition/>
- TU financial aid information: <https://www.towson.edu/admissions/financialaid/>

V. Non-Nursing Course Requirements

Requirements for the CCBC Associate Degree RN Program			Additional Requirements for Admission to the TU ATB Option		Non-Nursing TU Requirements for the B.S. Degree	
ENGL 101	College Composition I	3 cr	General Chemistry with Lab 4 cr		Upper-level Elective (Healthcare Ethics) 3 cr	
BIOL 110	Biology	4 cr	▪ CHEM 107 Fund of Chemistry & CHEM 108 Fund of Chemistry Lab OR		Upper-level Elective (Health-related) 3 cr	
BIOL 220	A&P I	4 cr	▪ CHEM 131 General Chemistry I		Note: These courses will be taken during the ATB Nursing option at Towson University. They are not required for admission to ATB and cannot be completed at CCBC. Course selections will be made in consultation with the TU ATB advisor.	
BIOL 221	A&P II	4 cr	Nutrition for Health Professionals 3 cr			
BIOL 230	Microbiology	4 cr	▪ BIOL 256 Nutrition			
MATH 125	Finite Math (or higher)*	3 cr	Basic Statistics 4 cr			
PSYC 101	Intro to Psychology	3 cr	▪ MATH 153 Statistics			
PSYC 103	Human Growth & Dev	3 cr	Note: Courses in this column can all be taken at CCBC. All prerequisites must be completed with a C (2.0) or higher. Statistics is not required for admission to the program, but it is strongly recommended that students complete this prior to starting the ATB option.			
CMNS 101	Fund of Communication	3 cr				
ART/HUM	Humanities/Arts	3 cr				
*Students should take MATH 153 Statistics instead of MATH 125 in order to satisfy the requirements of the TU ATB program.						
Totals:			34 credits		11 credits	
					6 credits	

V. ATB Program Progression

Students are required to meet regularly with their TU advisor to review their degree plan. Students must follow the TU ATB plan of study, which accounts for factors such as when courses are typically offered and course prerequisite sequences. They may consider taking the upper-level electives in another term only after meeting with their TU advisor.

The completion of the final courses of the ATB curriculum outlined in the plan of study requires successful completion of the A.S. degree and/or active RN licensure. Enrollment in NURS 476, NURS 484, and NURS 489 requires the completion of the A.S. degree. NURS 489 also requires RN licensure and completion of all other courses in ATB curriculum courses (with the exception of NURS 476, NURS 484, and upper-level electives which may be taken concurrently).
