

Associate-to-Bachelor's (ATB) Degree Completion Option – ATB 1.0: **Harford Community College & Towson University**

General Information for the Primarily Online/Hybrid Model

I. General Program Information

This dual enrollment option is available to eligible students once they are accepted to the Harford Community College (HCC) Nursing Program. Admission is competitive and based on completed courses and grade point average (GPA). Students will be dually enrolled as degree-seeking students at both HCC and Towson University (TU). ATB 1.0 students begin their TU courses in the first term of their HCC nursing program. Once they earn the Associate of Science (A.S.) degree at HCC, students must pass the NCLEX-RN licensure exam and receive their RN license to continue with their remaining coursework at TU to complete the Bachelor of Science (B.S.) degree.

Up to 80% of the TU curriculum may be completed online. The first course (NURS 349) and the practicum in the final term (NURS 489) require an in-person component. Other courses are typically offered online; the availability of in-person or hybrid course formats may vary depending on student interest and enrollment.

The ATB option requires year-round attendance and takes approximately 2.5 years to complete. Program length is nine terms, including winter and summer sessions. HCC courses will be held at the HCC campus in Bel Air, MD. TU courses will be taken at the Towson University in Northeastern MD (TUNE) campus in Bel Air, MD, or online.

Two degrees will be awarded: A.S. from HCC and B.S. from TU. Students must meet all program and degree requirements at both institutions to receive the respective degrees. Advisors will be available at both schools.

II. Program Admission Requirements

- A. Admission to the HCC Nursing Program (selective process based on courses completed, GPA, and TEAS score)
- B. GPA of 3.0 or higher in HCC required admission courses
- C. Additional required courses (completed by the start of the first nursing course) with a C (2.0) or better:
 - General Chemistry with Lab (HCC CHEM 111) – 4 credits
 - Nutrition (HCC BIO 210) – 3 credits

Students must also complete a statistics course with a C (2.0) or higher before enrolling in the required nursing research course taken after completion of the associate degree. Students are strongly encouraged to complete this requirement prior to starting their nursing program. They may take MATH 216 Introduction to Statistics or DSCI 102 Introductory Statistics with Programming Applications at HCC.

III. General Application Procedures

Students must apply to both the HCC A.S. Degree Nursing Program and the TU ATB option by the programs' deadlines. Students who are admitted to the TU ATB option must be eligible to enroll at Towson University, but they do not have to apply to TU by the ATB deadline. The TU Department of Nursing will provide instructions to apply and enroll at the university if ATB admission is offered.

Applying to Harford CC RN Program

See HCC application deadlines and procedures at <https://www.harford.edu/admissions/nursing/index.php>.

Applying to TU ATB

Students must apply and submit all required materials by these deadline to be considered for ATB admission.

Application Deadlines:

- Fall Start – May 1
- Spring Start – November 9

Required Materials:

1. NursingCAS Program Application for Associate-to-Bachelor's (ATB) – Harford CC:
<https://nursingcas.liaisoncas.org/apply/>
2. Official transcripts from all colleges/universities attended submitted directly to NursingCAS

For full instructions to complete the NursingCAS application, visit the TU website:

<https://www.towson.edu/chp/departments/nursing/undergrad/degree-options/associate-to-bs/admissions.html>.

Admission Decisions

The HCC and TU Nursing Departments will review completed applications for acceptance into the ATB option. Students will be notified by either email and/or letter with admission decision. TU will only release admission decisions once HCC has released their decisions. Students who do not receive admission to the HCC program will not receive a decision from TU.

IV. Tuition, Fees, and Financial Aid

Students will be charged tuition and fees based on the policies of each institution. Tuition and fees are subject to change each academic year. If students are using financial aid, it will be processed through the TU Financial Aid Office based on the total enrollment at both institutions. For the purposes of tuition and financial aid, students must be aware that the ATB plan of study involves part-time enrollment (less than 12 credits) for the majority of the program. More information is available online:

- HCC tuition and fees: <https://www.harford.edu/admissions/tuition/index.php>
- TU tuition and fees: <https://www.towson.edu/student-university-billing/tuition/>
- TU financial aid information: <https://www.towson.edu/admissions/financialaid/>

V. Non-Nursing Course Requirements

Requirements for the HCC Associate Degree RN Program			Additional Requirements for Admission to the TU Associate-to- Bachelor’s Option		Additional Non-Nursing TU Requirements to Award the Bachelor of Science in Nursing		
BIO 203	Anatomy & Physiology I	4 cr	CHEM 111	General Chemistry I	4 cr	Upper-level Elective (Healthcare Ethics)	3 cr
BIO 204	Anatomy & Physiology II	4 cr					
BIO 205	Microbiology	4 cr	BIO 210	Nutrition	3 cr	Upper-level Elective (Health-related)	3 cr
ENG 101	English Composition	3 cr	MATH 216	Introduction to Statistics	4 cr	Note: These courses will be taken during the ATB Nursing option at Towson University. They are not required for admission to ATB and cannot be completed at HCC. Course selections will be made in consultation with the TU ATB advisor.	
PSY 101	General Psychology	3 cr	Note: Courses in this column can be taken at HCC. Chemistry & nutrition must be completed prior to starting the ATB option. Statistics must be completed prior to taking NURS 435; it is recommended to complete before starting ATB. These courses must be completed with a C (2.0) or higher.				
PSY 214	Human Development	3 cr					
SOC 101	Intro to Sociology	3 cr					
Arts/Humanities Electives		6 cr					
Mathematics Elective*		3 cr					
Physical Education Elective		1 cr					
*Students should take MATH 216 to satisfy the requirements of the TU ATB program.							
Totals:		34 credits	11 credits			6 credits	

V. ATB Program Progression

Students are required to meet regularly with their TU advisor to review their degree plan. Students must follow the TU ATB plan of study, which accounts for factors such as when courses are typically offered and course prerequisite sequences. They may consider taking the upper-level electives in another term only after meeting with their TU advisor.

The completion of the final courses of the ATB curriculum outlined in the plan of study requires successful completion of the A.S. degree and/or active RN licensure. Enrollment in NURS 476, NURS 484, and NURS 489 requires the completion of the A.S. degree. NURS 489 also requires RN licensure and completion of all other courses in ATB curriculum courses (with the exception of NURS 476, NURS 484, and upper-level electives which may be taken concurrently).

VI. Contact Information
