

The [Center for STEM Excellence](#) is waiving student fees for Maryland public and charter schools in underserved communities and those that serve populations traditionally underrepresented in STEM fields. Underserved communities are defined as those where at least 50% of students in a school are receiving Free and Reduced Meals (FARM). Populations traditionally underrepresented in STEM fields are defined as at least 50% of students in a school identifying as African American or Hispanic.

The following schools meet the above eligibility criteria based on data from the NCES [database](#). Schools on the list below will be given fee waivers for In-person, Virtual and Fusion Field Trips at the Towson University Center for STEM Excellence. Schools are sorted alphabetically by county.

| School Name | County Name |
|--------------------------------|---------------------|
| BEALL ELEMENTARY | Allegany County |
| CASH VALLEY ELEMENTARY | Allegany County |
