Towson University's Arts Integration Institute prepares Maryland educators to engage their students in meaningful instruction by integrating theatre, music, dance, visual arts, and electronic media and film across all subject areas. Arts integrated teaching **cultivates well-rounded students who learn through self-discovery and creative expression**, and flourish in today's classroom and tomorrow's marketplace. This Graduate Certificate is aligned with the goals and pillars of the Blueprint for Maryland and the NBC to ensure success for all learners by encouraging creative teaching that **supports the diverse developmental, social, and academic needs of your classroom.**

**Towson Learning Network offers reduced tuition!** If eligible, you can request reimbursement by following the process managed by your school system after successful completion of the course.

Towson University's Arts Integration Institute brings our coursework to you this fall. **We invite you to join us!**
